The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately.

This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit www.bmchp.org or by calling 1-855-833-8120. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbc-glossary or call 1-855-833-8120 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	$2,900 Individual/ $5,800 Family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses is paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care services and generic drugs are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	Yes, for Pediatric Dental Type II and Type III services ONLY, $50 per individual.	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services. This deductible will count toward the overall deductible.
What is the out-of-pocket limit for this plan?	$8,150 Individual /$16,300 family for medical expenses and prescription drug combined (which includes $350 per individual for pediatric dental services).	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See https://www.bmchp.org/Provider-Search/Qualified-Health-Plan or call 1-855-833-8120 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You must get authorization from the plan to use an out-of-network provider. If you do not get authorization from the plan to use an out-of-network provider, the plan will not pay, and you will have to pay the provider's bill.
Do you need a referral to see a specialist?	No.	You can see the network specialist you chose without a referral.
